

Name: Linda Noel

Quilt Name: **Sunrise Over the Rockies**

Dimensions: 24'' by 18''

Artist Statement

This is my first art quilt. I am a beginner quilter and very eager to try any technique. I have learned a lot making this quilt. I did appliqué and free motion quilting. The contours were created by making the pattern in one color with stabilizer on the back and then another copy of the pattern on different fabric with iron-on fusible cut out and applied to the other piece.

I took my first free motion quilting class this year from Deena Wilkins.

This technique is taught by Gloria Loughman on her Blueprint online class called Linear Landscape Quilts.

I was inspired by our time living in Colorado Springs, Colorado. The Front Range is beautiful any time of the day.
